

# MISSION, VISION & VALUES

## MISSION

Central Ohio Urology Group unites the expertise of its nationally recognized team to provide comprehensive care, delivered with compassion, which sets the standard for the region.

### Our Patients

We offer outstanding medical care through our talented clinicians, state-of-the-art technology and convenient locations, empowering patients to receive the urological care they need.

### Our Team

We treat everyone – our patients, referring physicians and one another – with respect and consideration, continually striving to exceed expectations.

### Our Referring Physicians

We work collaboratively with referring physicians to benefit patients through a full spectrum of care, including the more than fifty specialties and subspecialties of our urologists.

## VISION

Central Ohio Urology Group will continue to be the region's first choice for patients, physicians and employees by demonstrating best practices in clinical care, teamwork and business operations.

## VALUES

### Patients First

We strive to deliver an extraordinary patient experience marked by kindness, respect, communication and quality care.

### Technology

We offer the most effective technologies and advanced treatments to improve outcomes and quality of life for our patients.

### Expertise

We provide an extensive range of specialized and general urological services, incorporating innovative approaches and industry-leading advances.

### Teamwork

We work as a unified group, continually acting on behalf of our patients and their referring physicians to provide the highest level of services and support interdisciplinary care.

### Trust

We place trust at the heart of our organization, empowering our team members to go above and beyond, while putting the well-being of our patients at the forefront.
